

## NorthEast Alabama Genealogical Society

P. O. Box 8268  
Gadsden, Alabama 35902

NEAGS is currently working on a WWII Veteran Book for Etowah County. If you have someone that served in WWII and lived or registered in Etowah County, we would love to include them in this book.

Please complete the form below and send a copy of the veteran's discharge to be eligible. If killed or missing in action, please supply any information you have. If the veteran served in the Navy, please include ships served on, theater, battles and serial number as these are not always on discharge papers.

Please give complete names. We are doing this book for future generations and we must have complete information. Also please give us complete name, address and phone number of the person submitting this information. Send to the address above. Any questions, contact Kathy Burtram or Lynda Peach email at address [wwiiancestor@neags.com](mailto:wwiiancestor@neags.com)

### WWII Veteran's Family Information
